Chesterfield Borough Council Local Development Scheme Twelve

January 2024

Chesterfield Borough Council Local Development Scheme 12

Introduction

This is the twelfth Local Development Scheme for Chesterfield, taking the place of the eleventh Local Development Scheme (LDS11).

The Planning & Compulsory Purchase Act 2004 Act, as amended, requires the council to prepare and maintain a Local Development Scheme (LDS). This provides a public statement of the council’s programme for producing the Local Plan. It explains which Local Development Documents will be produced as part of the Chesterfield Local Plan and when and how they will be produced.

The Localism Act 2012 and associated regulations made additional changes to the requirements for Local Plans. The National Planning Policy Framework (NPPF) and National Planning Practice Guidance also guide the preparation and implementation of Local Plans. The most significant change was the reintroduction of the concept of a single, integrated local plan as the main Development Plan Document for an area like the Borough of Chesterfield.

The Levelling Up and Regeneration Act 2023 has made further changes to the requirements for Local Plans. Although the provision which relates to plan making and timetable (contained within Part 3 of the Act) have not yet come into force (they will do so on such day as the Secretary of State may by regulations appoint), the requirements of LURA as they relate to ‘local plan timetable’ are noted below and addressed in this LDS for completeness.

The Act requires each local planning authority to prepare and maintain a document to be known as their “local plan timetable” which must specify:

- (a) the matters which the authority’s local plan for their area is to deal with,
- (b) the geographical area to which the authority’s local plan is to relate,
- (c) any supplementary plans which the authority are to prepare,
- (d) the subject matter and geographical area, site or sites to which each of those supplementary plans is to relate,
- (e) how the authority propose to comply with the requirement in section 15F(1) (requirement in relation to design code),
- (f) whether the authority’s local plan for their area is to be a joint local plan and, if so, each other local planning authority for whose area the joint local plan is to be their local plan,
- (g) whether the authority are to prepare a joint supplementary plan and, if so, each other local planning authority who are to prepare that joint supplementary plan with them,
- (h) any matter or area in respect of which the authority have agreed (or propose to agree) to the constitution of a joint committee under section 15J, and
- (i) a timetable for the preparation of the authority’s local plan for their area, and any supplementary plans the authority are to make, which is consistent with this Part and any regulations made under it

The Act also requires that to bring the local plan timetable into effect, the local planning authority must publish it, together with a statement that the timetable is to have effect. Once the local plan timetable has effect, the local planning authority must comply with it.

This Local Development Scheme took effect on 1st March 2024.

The programme for the Local Development Scheme (LDS) setting out the proposed timetable and dates of key milestones for each LDD is set out below.

Current Development Plan

As of January 2024, the Development Plan for Chesterfield Borough comprised the following documents:

- Chesterfield Borough Local Plan (adopted July 2020)
- Saved policies of the Derby & Derbyshire Waste Local Plan (adopted March 2005)
- Saved policies of the Derby and Derbyshire Minerals Local Plan (adopted 2000 and altered 2002)

The council adopted a Community Infrastructure Levy (CIL) Charging Schedule in April 2016.

Local Plan Implementation and Review

Policies in local plans and spatial development strategies should be reviewed to assess whether they need updating at least once every five years and should then be updated as necessary. This is a legal requirement for all local plans (Regulation 10A of the Town and Country Planning (Local Planning) (England) Regulations 2012).

The council commenced a review of the Local Plan in 2022 and this review needs to be complete by July 2025.

As a review and not a new Local Plan, the matters that the Local Plan will cover reflects the content of the existing Local Plan:

- Homes and housing
- Jobs, Centres and Facilities
- Infrastructure Delivery
- Environmental Quality
- Design and the Built Environment
- Travel and Transport

The Local Plan will relate to the administrative borough of Chesterfield.

The authority intends to comply with the requirement for a Design Code by preparing a Design Code to form part of the reviewed Local Plan.

There are no other supplementary plans which are being prepared at the time of writing.

There is currently no intention to prepare any joint local plan or supplementary plans.
